## **SUBDIVISION / LAND DEVELOPMENT APPLICATION**

*Please follow all instructions throughout this application before submission. The application will be reviewed by the Township for proper completion before the application is officially accepted.*

Our Township has a policy to have a plan technically completed (within reason) prior to preliminary consideration. Once preliminary approval is granted, we do not consider final plan approval (resolution) until all comments have been satisfied and permits secured. This ensures a smooth process for both parties. It is strongly suggested that you discuss your plan in advance with the Township Manager and Planning Commission (Sketch Plan) in advance of plan design.

### **GENERAL INFORMATION**

#### **MEETINGS**

PC Meetings – 2<sup>nd</sup> Wednesday @ 6:30 PM  
BOS Meetings – 1<sup>st</sup> Thursday @ 6:30 PM

#### **TYPE OF PLANS**

- Sketch Plan – applicants are encouraged to submit a sketch plan as the first step in the subdivision and land development process as a basis for informal discussion with the Planning Commission. However, this action is not mandatory and is not an official plan under the Pennsylvania Municipalities Planning Code.
- Minor Subdivision/Land Development – a subdivision proposal which would improve or divide one existing lot into two lots, both of which will comply with the applicable dimensional requirements of the district in which the existing lot is located and meets the following requirements:
  - o the existing lot has sufficient footage on an existing, improved public street to satisfy the applicable Township requirements for lot frontage and access to a public street for proposed lots
  - o the subdivision will not require new road construction, road improvements or the extension of existing public utility lines
  - o the proposal will not involve significant stormwater and/or erosion control measures or issues as determined by the Township Engineer
- Major Subdivision/Land Development – any improvement or subdivision other than a minor subdivision/land development or any size improvement or subdivision requiring new road construction, road improvements or the extension of existing public utility lines

## **SUBDIVISION AND LAND DEVELOPMENT PROCESS**

*Please review the following subdivision and land development process and corresponding Requirements for Filing Plans to ensure your application is complete.*

### ***Preliminary/Final Plan Process***

1. Submit your completed application (reference *Requirements for Filing Plans*) at the Township Building at 2943 North Charlotte Street, Gilbertsville, PA 19525.
2. The Township will forward plans to reviewing agencies. Plans are not to be delivered to any reviewing agency by the owner, developer or agent.
3. **Initial Submission Only.** The Applicant must submit mailing labels for all adjoining property owners of the subject property. These property owners will be notified by first class mail that an application has been received for review. The Township will bill the escrow for the mailing of these letters.
4. The application is officially accepted by the Planning Commission at its first meeting following submission of a completed application and plans. The ninety (90) day review period begins.
5. The plan is reviewed and discussed by the Planning Commission at a meeting following receipt of all applicable letters from reviewing agencies.
6. The Applicant revises the plans pursuant to the Planning Commission and applicable reviewing agencies. Revised plans must be submitted thirty (30) days prior to the next Planning Commission meeting. Revised plans are distributed in same form as initial submission.
7. The Planning Commission prepares a written report recommending approval or disapproval of the plan for the Board of Supervisors.
8. The Board of Supervisors approves (with or without conditions) or disapproves the plan at a regular meeting.
9. The Township will communicate the Board of Supervisors' decision to the applicant within 15 days of the decision.

### ***Final Plan Process Only***

10. If the plan is approved, the Applicant submits to the Township Engineer two (2) sets of plans revised to reflect conditions of approval with copies of descriptions, deeds, cost estimates and other documentation required. The Township Engineer reviews plans for completeness and reviews descriptions.
11. The Township Engineer directs the applicant to submit ten (10) paper copies of the Record Plan.
12. The Township Solicitor prepares the necessary Deeds of Dedication, Covenants, Easements, Restrictions and Construction Escrow Agreements and forwards to the Applicant for signatures.

- A time limit may be extended if requested by the applicant or by the municipality. If a municipality requests a time extension, it must be in concurrence with the applicant.
- Whenever applications require more than one type of review or otherwise fall under more than one section of the Pennsylvania Municipalities Planning Code, the Montgomery County Planning Commission will attempt to complete all reviews within the shortest official time limit. However, MCPC reserves the right to use the maximum permitted time limit if needed.

---

## Application Procedure

---

1. The applicant submits the plans, a completed Municipal Request for Review form, and the county fee to the local municipality. The county fee must be in the form of a check or money order made payable to the MONTGOMERY COUNTY TREASURER. The county fee is not to be combined with the municipal fee. The applicant's canceled check serves as the receipt.
2. The municipality will forward an application consisting of the county fee, the Municipal Request for Review form signed by the appropriate municipal official, and the plans to MCPC along with any other relevant information.

3. The review time limit will officially begin when MCPC receives all necessary information and applicable fees.
  4. In the event of a returned check, the MCPC review and its corresponding time limit will stop as of the date we receive notification. MCPC will notify the applicant and municipality. The review process will restart on the date MCPC receives the required fee.
- 

## **Fee Information**

---

### **Resubmissions**

The fee schedule and time limits will apply regardless of whether the submitted application is for the review of a tentative sketch, preliminary plan, or final plan. Once the initial fee has been received, MCPC charges a fee for the resubmission of subdivisions and land developments that are essentially the same as the former submission. A flat fee of \$125 is required for all residential subdivisions/land developments. No fee is required for residential subdivisions/land developments of 3 lots/units or less. A flat fee of \$190 is required for the resubmission all non-residential subdivisions/land developments. No fee is required for non-residential subdivisions/land developments of 3 lots or 3,000 square feet or less respectively. MCPC does not charge any additional fees for a staged development unless the original overall proposal has been substantially altered. A subsequent plan is NOT a resubmission and requires full fee payment if it is more than 5 years after the previous submission, the proposed land use is changed, or the number of dwelling units or square footage has changed by more than 40% from the prior submission.

### **Waiver of Fees**

Fees are waived for an application filed under the name of a governmental subunit of the United States or the Commonwealth of Pennsylvania, including school districts and authorities. This exemption does not apply to private nonprofit organizations except for volunteer fire companies and ambulance squads.

### **Refunds**

If MCPC fails to complete its review within the required time limits, the fee will be returned to the applicant upon request, except in those instances involving an incorrect fee or incomplete application or when MCPC has been granted a time extension for the review.

---

## **Informal Reviews and Special Circumstances**

---

Meetings with MCPC to discuss applications, either prior to or during the formal review process, are encouraged and free of charge. If the applicant requests the meeting, the local municipality will also be invited. Meetings and informal reviews do not replace the official formal review by MCPC. In addition, if a municipality requests any meetings, court appearances, redesigns, or other special events that are related to the MCPC review, no extra fees will be charged. Similar requests by developers will be charged appropriately in accordance with fees for staff services.
